To Whom It May Concern:

Over the years, I have had the opportunity to work with numerous formwork and concrete contractors. One such company, Madrid Equipment Rental, Inc., stands out in my mind as a leader in their field. Madrid Equipment Rental, Inc. is a family-oriented company with a great core team. With decades of experience I am confident that Madrid Equipment Rental, Inc. has the personnel, training, and resources to tackle projects of any scale and magnitude. Add to that the best available technology and equipment, and it's clear why the company is among the best and most trusted partners for contractors. There areas of expertise include but not limited to the following: A-curb, curb & gutter, sidewalks, ADA ramps, decorative stamp concrete, stained concrete, etc.

I have no problem highly recommending Madrid Equipment Rental, Inc. If any questions arise or if you need further information, please do not hesitate to contact me.

Sincerely,
